

Life Explorer Student Explorer Journal

Expedition 1: Antarctica • Part 1

Page 1: Welcome Explorer

Write your name below. This journal belongs to an explorer. Explorers ask questions, notice details, and share discoveries.

Page 2: My Expedition Mission

Mission: Discover what makes Antarctica one of the most amazing places on Earth.

Draw yourself as an explorer.

Page 3: What I Know

Before we begin, draw or write everything you already know about Antarctica. There are no wrong answers!

Page 4: What I Wonder

Finish these sentences:

- I wonder...
- I'm curious about...
- One thing I'd love to discover is...

Page 5: Prediction Page

How do you think penguins stay warm? Draw your idea before the experiment.

Page 6: Experiment Record

Penguin Blubber Experiment

Prediction: _____

What happened? _____

Why do you think it happened? _____

Page 7: Vocabulary Notebook

Illustrate each word:

- Antarctica
- Continent
- Iceberg
- Penguin
- Blubber

Page 8: Map Explorer

Color Antarctica blue and label:

- Antarctica
- South Pole
- Atlantic Ocean
- Pacific Ocean

Then circle where you live.

Page 9: My Best Discovery

Draw your favorite thing you learned this week and write one sentence about it.

Page 10: What I Still Wonder

Every explorer finishes one expedition with new questions. What do you still wonder?
